### When to Choose Data Packages:

- Pharmaceutical Companies
  - Your data need is short-term and requires no updates
  - Our data packages are a chance to preview our accuracy before purchasing a full subscription
- Consultants
  - When bidding on a project requiring information on only a few products, data packages can help keep your costs to a minimum

### Data Packages Include:

- Total number of pharmaceutical Sales Representatives deployed by primary care and hospital focus
- Number of Sales Representatives by Sales Force
- Products promoted by each Sales Force
- Number of allocated representatives (FTEs) supporting select brands
